

A CHAPEL IN AN AIRPLANE

An American columnist reports that during a raid on Schweinfurst several months ago one of our bombers, "Battlin Bobbie," was hit and two of her engines were knocked out. For 500 miles the bomber hopped over trees, roof tops and enemy pill boxes. As the plane limped along her crew kept praying the two smoking engines would not blow up. When they finally reached home and the perspiring pilot climbed out of the ship, his comment was, "We made a Chapel out of that airplane today."

Our American ex-prisoners-of-war on their way back from German stalags, have told the Chaplain that they believe prayer helped them hold out for their three months march. To hike day after day on hot water, a few potatoes, an occasional Red Cross food package, the say, required something more than physical strength and will-power.

Have you joined in the prayer and worship of our religious services?

Schedule of Services follow:

Protestant: 0930 Hq Co Dayroom
1000 Rec Center
1930 Rec Center

Catholic: 1100 Mass--Bombay Camp
Rue Alfred Bequet
1700 Mass--St Elizabeth Chapel
Place Louise

Jewish: 1930 Friday Rec Center

WHAT'S AN EDITOR??????

This description of the editor's lot has been credited to a schoolboy in Kansas:

"I don't know how editors and magazines got into the world, and I don't think God does, for He ain't got nothing to say about these in the Bible. If an editor makes a mistake, he buries it and people can't say nothing because they can't read Latin. When the editor makes a mistake, there's a big lawsuit and swearing and big fuss; but if the doctor can use a word a yard long without him or anyone else knowing what it means; but if the editor uses one he has to spell it. Any college can make doctors to order, but editors have to be born."

"How's your new girl?"

"Not so good."

"You always were lucky."

MUSICAL NOTES!!!!

This week the orchestra and band have been touring the Companies of the Battalion. We hope that it has been a pleasant diversion from your daily activities. This far, we have played for Co's A, B, and Hqs and our schedule calls for a dance at Landon on Saturday June 23rd. The dance will be the first real test for the orchestra as soon as arrangements have been made a Battalion dance will be held. The music is ready, how about you fellows? After one or two dances we hope you will be proud of your Bn Orchestra especially since it's our intention to make it tick as it's supposed to. We extend our appreciation to the companies for their hospitality and hope to appear for them again real soon.

OFF THE RECORD

An interview with Capt Hathaway and Lt Lindley following the "Tipacano" incident brought forth the following statements-- Capt Hathaway "They'd ought to make these cigars waterproof." Lt Lindley "My only concern at the present is stretching this 1000 Franc note back from the 800 to which it has shrunk."

The Chef de Message Center at Bn Hqs has been seen for some time now with not one, but two, Mademoiselles. We've beginning to seriously doubt now if he ever will get back to Annie.

The Officers soft ball team has emerged from its slump by gaining decisive Victory over Hqs Co and C Co. much of the credit goes to Warrant Officer Dickson who has pitched both games but we can't take any credit from his teammates who have all been playing a better brand of ball.

Lt Starbird raises his eye brows in a proud jesture and challenges any soft ball team in the 752d Bn. His ball club has been performing on all eight cylinders in the Antwerp League and now wishes Merit among the locals. They recently trampled Hq Co 743rd ROB to tune of 10 to 7 and breezed over our B&B gang with 3 to 0 score in favor of the "Challengers."

An elderly lady strolled into a barn where a draftable looking young man was milking a cow. With a snort she asked: "How is it, young man, that you're not at the front?" Because Ma'am came back the answer, "there ain't no milk at that end."
